NOTES ON THE CALENDAR.

No explanation of the columns on the left hand side of the page can be required. They show that the first day of January will in 1845 fall on a Wednesday, and that the sun will rise that morning nine minutes after eight, and set in the afternoon precisely at four. Respecting some of the columns at the right hand it will be necessary to say a few words. In that relating to the rising and setting of the moon, it is necessary to observe that before the full the time of *rising* is given, and after the full the time of *setting*. Thus, on the 2nd of January the moon rises four minutes after one in the morning. It sets on that day at twenty-six minutes after eleven in the morning; but this being in the day-light, a knowledge of the fact is of no great importance; we have therefore omitted it, in accordance with the plan adopted for brevity sake in most Almanacks. So also in the high water table, an indication of the hour once a day is generally thought sufficient: it being safe to reckon that high water in the afternoon is about twenty minutes later than in the morning.

In the central part of the page the phrases, clock before sun, and clock after sun, occur occasionally; relating to the equation of time. There are but four days in the year in which the exact mean time is indicated by the sun's shadow; but in setting a watch by the sun dial it is generally necessary to allow for the variation belonging to the season. Thus, on the fifth of January the watch should be set five minutes and forty-five seconds forwarder than the time indicated by the sun dial; and on the fourth of May three minutes twenty-three seconds after the sun dial.

The annual meetings of the principal Baptist Societies are usually held in London in the last week in April. We regret that the arrangements are not sufficiently matured to enable us to specify the days on which they will respectively occur this year.

In May many Baptist Associations will meet: on the 6th the Buckinghamshire at Buckingham; on the 12th (we believe) the Northern at Stockton-on-Tees; on the 13th, the Western at Lyme, the Berks and West Middlesex at Windsor, the Midland at Heneage Street, Birmingham, and the West Riding of Yorkshire at Bradford; on the 14th, the Southern at Gosport, the Gloucestershire at Chepstow, and the Lancashire and Cheshire at Manchester; on the 20th the Essex at Thorpe; and on the 21st the South Western at Gramppound.

The eclipse of the sun on the 6th day will not be visible in this country till thirty-one minutes after eight in the forenoon; and its greatest obscuration will be at thirty-six minutes after nine.

June is a month in which several associations hold their annual meetings. On the 3rd the Suffolk and Norfolk meet at Otley, the East Kent at Ramsgate, and the West Kent and Sussex old association at Battle; on the 10th the Carmarthenshire and Cardiganshire at Rhydwillim, and the New West Kent and Sussex at Rye; and on the 19th the Glamorganshire at Hengoed.

Electors will find that several things demand their attention in July. Claims for county votes must be made on or before the 19th, by persons entitled to be on the register, if they are not on it already, or if they have changed their qualification or residence. Electors for cities or boroughs must take care that all assessed taxes and poor rates due on the 6th of April are paid on or before the 19th, or they will be disqualified. Overseers are bound to make out lists of both county and borough electors on the 31st.

On the 3rd and 10th of August county and borough lists are to be on church and chapel doors. The 20th is the last day for leaving with overseers objections to county electors, and the 25th to electors for boroughs. The 25th is the last day to claim as borough electors. All taxes and rates payable March 1st must be paid on or before the 30th of August, by persons claiming to be enrolled as burgesses under the Municipal Corporations Act.

† On the 6th of August the Baptist Union of Scotland is to meet at Aberdeen.

On the 7th and 14th of September, lists of objections to county electors, and claims and objections for borough lists, are to be affixed to church doors. Under the Municipal Reform Act overseers are to deliver lists of burgesses to the town clerk on the 5th; the town clerk is to cause the lists to be fixed in some public place from the 8th to the 15th; claims and objections are to be made on or before the 15th; and lists of claims and objections are to be fixed in some public place in the borough from the 24th till October 1st.

In corporations, the mayor and assessors are to hold an open court to revise the burgess lists some time between the 1st and 15th of October: three clear days' notice of such court being given. The revised list to be kept by the town clerk, and persons therein entered to be entitled to vote, according to the act, from the 1st of November.

In corporations, on the 1st day of November the borough councillors are to be elected; and the 8th is the day appointed by the act for the election of the mayor and aldermen.

The average height of the Thermometer in the successive months of the year is as follows:—January, 36° 1'; February, 38°; March, 43° 9'; April, 49° 9'; May, 54°; June, 58° 7'; July, 61°; August, 61° 6'; September, 57° 8'; October, 48° 9'; November, 42° 9'; December, 39° 3'. In January, though it is the coldest month of the year, the mean of the twenty-four hours, upon a long average of years, does not fall below the freezing point. The mean temperature of the whole year is not found to vary, in different years, more than four degrees and a half.

John Ward, LL.D., a Professor in Gresham College, who died in 1758, had in 1754 put in trust £1200 Bank Stock, to be applied after his decease to the education of two young men at a Scotch University, with a view to the ministry, preference being given to baptists. Additions have subsequently been made to the fund, through occasional vacancies, and by the late Rev. Joseph Hughes, A.M. and the Rev. Joseph Angus, A.M., who repaid all they had received. The students are taken from the several baptist colleges indifferently according to merit: three are supported by it at the present time. In the list of those who have received the benefit of this Trust are the names of Caleb Evans, Robert Hall, Joseph Hughes, J. H. Hinton, John Hoppus, James Acworth, Samuel Tomkins, C. M. Birrell, Joseph Angus, and Francis Tucker.

THE ANTI-MONOPOLIST,

RELIGIOUS AND POLITICAL.

A Monthly Periodical, Price only 3d. stamped.—Office, No. 36, Southampton Street, Strand, and of all Newsvenders.

Our object having been in some measure misunderstood—as being less Religious than Political—we think it right to state, that this publication is principally directed against that monopoly by which it is presumed that one SECT is entitled to the entire State Patronage at the expense of all the rest. Our own opinion is, that it were much better if no sect were thus provided; since, although it has been said that the object of a State Church is to make the State religious, and not to make the Church political, the effect obviously is—to make the Church political, without making the State religious. We have irreligious legislators and political bishops, both the results, we conceive, of a politico-religious Establishment. Such are some of the evils which we wish to see remedied.

“We strongly recommend this sterling and fearless Journal to our readers, assuring them that, however they may dissent from an occasional expression or opinion, they will find it always the faithful, diligent, and able advocate of the rights of conscience, and the spirituality of religion.”—*Eclectic Review*.

a “Distinguished by a spirit of uncompromising hostility to all civil and ecclesiastical abuses, and is well entitled to general support.”—*Baptist Examiner*.
